Continuing the expansion of our hazardous and regulated waste business

The newly acquired waste processing facility is located in Arecibo, Puerto Rico, 50 miles west of San Juan. The site manages about two million pounds of waste each year. The team shares Veolia's commitment to Goal Zero safety performance and environmental compliance, making it a perfect cultural fit.

- **EPA Electronic Manifest System;** Update

Candle Safety Tips

- Blow out all candles when you leave a room, and avoid placing candles in the bedroom or other areas where you may fall asleep
- Keep candles at least 12 inches away from anything that can burn
- Consider using flameless candles, as they smell and look like real candles without being a fire hazard

Veolia North America, 4760 World Houston Parkway, Suite 100, Houston, TX 77032
